

I slept and dreamt that life was joy.

I awoke and saw that life was service.

I acted and behold, service was joy.

~ Rabindranath Tagore

*The Power
of Unified Minds*

INTRODUCTION

We believe in the power of unified minds, to make a difference in our world.

Each member brings unique skills and perspectives vital to our movement and we deeply value the contributions they bring to this family. Membership is open to anyone interested in service and fellowship irrespective of religion, nationality, language and geography.

From humble beginnings with 500 members, YMI has experienced exponential growth, reaching 3,000 members within a mere seven months and targeting 5,000 members by June.

At Young Minds International, we're guided by these fundamental principles:

GUIDING PRINCIPLES

- Demonstrating empathy and compassion towards those in need.
- Respecting the inherent worth and dignity of every individual.
- Striving for equality and social justice for all members of society.
- Engaging and involving the community in development.
- Maintaining high standards of professionalism and excellence.
- Empowering individuals and families.
- Embracing the richness of diversity and inclusivity.
- Ensuring open & transparent governance.
- Building programs that are sustainable in the long term.
- Embracing Innovation and Adaptability.

RENAL CARE

Renal care is emerging as a painful and life-threatening issue across the world, especially in our country.

In India,

- Two thirds of all patients with kidney failure die without receiving dialysis
- 210,000 new patients develop kidney failure each year
- More than 80% in India need to self-fund their dialysis

Many of these patients need a minimum of 2 to 15 dialysis a month, making it a major financial challenge to the patients and their families, especially when they need to pay for each dialysis besides travelling to the hospital every time they need a dialysis.

The funds raised will be used for the following:

- Build a free dialysis clinic and palliative care facility at Chemperi in Kannur District of Kerala.
- Supply free dialysis machines in partner hospitals across India.
- Partner with interested hospitals to offer free dialysis to the poor and the needy, based on coupons issued by our YMI clubs.

Young Minds International has decided to take up Renal Care as one of its flagship projects in the years to come. It is our vision to raise at least ₹100 million in the next 3 years, through CSR support, donations and other fund-raising activities and offer at least 100,000 free dialysis per year to the poor and the needy.

RENAL CARE PROJECT FUND RAISER

An Evening of Compassion and Harmony

Our Charity Banquet and Musical at The Lalit Ashok, Bangalore held on January 25, 2025 was a night to remember, bringing together hearts and hands for a noble cause. The evening dedicated to supporting our flagship project - Renal care and Dialysis, was filled with inspiring moments - and highlighted the incredible impact of what happens when leaders and members come together to make a difference.

Event Highlights:

- **A Generous Contribution:** We were able to make a generous donation of Rs 10 lakh towards the setting up of a Renal Care Centre at Chemperi, Kannur further bolstering our efforts to provide life-saving treatment and dialysis. Our International President Dr K C Samuel along with leaders handed over the cheque to the Club.
- **Soulful Music:** Guests were also treated to a soul-stirring performance by the music band Soule, which added a memorable touch to the event.

We were able to raise about 25 lakhs through this fundraiser. Out of this, 10 lakh has already been disbursed to Chemperi Renal Project, facilitating the establishment of a building and the installation of dialysis machines for this initiative.

PROJECTS

Other projects include Education, Environmental Programs, Empowering Farmers, Health Camps, Poor Feeding, Supporting Old Age Homes and Welfare homes, House for Houseless, Natural Disaster Relief and many more projects.

Family: The Heart of YMI

The importance of Family

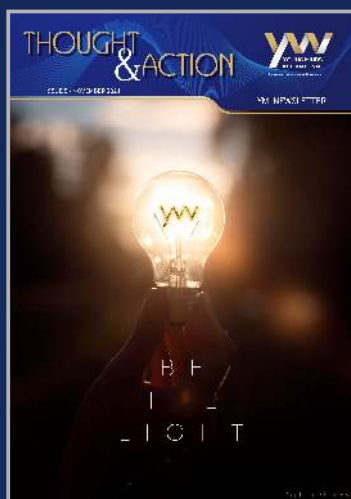

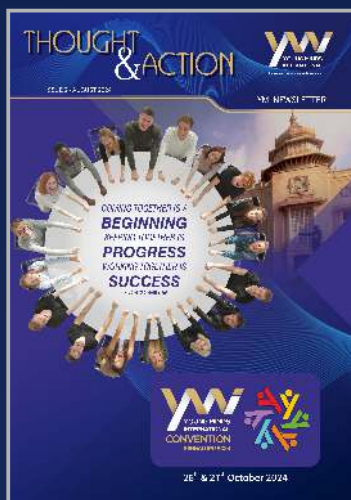

At the heart of our mission is family - about belonging, learning, and growing together. By encouraging and engaging the younger ones in our fellowships and projects, they learn the values of compassion and service thereby fostering a lifelong commitment to making a difference.

We conduct gatherings, which are vibrant celebrations of culture and togetherness. From showcasing individual talents to honoring national festivals and cultural programs, these help create meaningful experiences that strengthen bonds and deepen the sense of belonging.

We also nurture creativity through Art and Culture, recognize brilliance with Awards for Ideas and Innovation, and empower the next generation through Youth Empowerment. Through these family centric initiatives, we help nurture a legacy of giving back, ensuring our service to those in need resonates across generations.

Our monthly Newsletter and website covers the activities of Young Minds International keeping our members and the public aware of our projects and programs.

Join the Global Community of Young Minds International

Partnering with Young Minds International means becoming part of a vibrant global community dedicated to creating real change. By joining forces, we leverage combined networks and resources for a cause we care about and amplify our impact, fostering hope and opportunity where it's needed most. Through this collaboration, we empower individuals and uplift communities, ensuring that every contribution makes a lasting difference. Be a catalyst for change-join us in transforming lives and building a brighter future.
